OID: E10196102

From the Regional Ministry of Education of the Region of Murcia, we have extensive experience in both participation and coordination of European Erasmus+ projects.

One of our objectives is to promote the participation of schools in different educational stages, bringing internationalization to every corner of education at regional level.

Currently, we are an accredited center in KA120 SCH, promoting training actions for teachers. In addition, we are awaiting confirmation for accreditation in adult education and vocational training.

At the moment, we are involved in ten projects, among which we are coordinating a KA220 of the first call of the current Erasmus+ 2021-2027 plan.
